24 HIGH STREET, LYDD, KENT TN29 9AJ

Tel: (01797) 322500 Fax: (01797) 321569 E-mail: servo@plugs.demon.co.uk

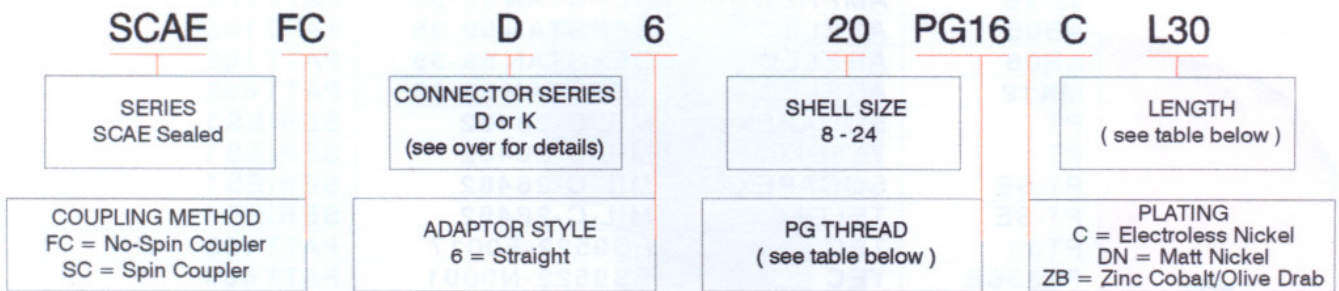

Cert. No. 970158

To enable customers to conform to the E.M.C. Regulations in " EC guidelines to EMC 89/336/EEC subsequently amended to 92/331/EEC" Servo offer a range of standard and customised cost effective, high quality, easy to assemble screened cable adaptors, reducers and EMC cable glands with the following benefits:

- * A choice of conductive electroless nickel or zinc plating with olive drab chromate finish
- * IP54 or IP67 protection depending on selection of sealing insert
- * Suitable for shell sizes 8 to 24
- * Integral strain relief available on all EMC cable glands
- * A range of reducers which allows various cable sizes to be used without a constant change of shell size or adaptor

SCREENED CABLE ADAPTORS FOR MINIATURE BAYONET COUPLING CONNECTORS TO MIL-C 26482 (PATT 105) PART NUMBERING EXPLANATION
